# WHY RFID?

## ANTI-IDENTITY THEFT

These RFID-blocking wallet not only hold ID's, debit card, credit card, boarding passes and travel documents, they do blocked RFID signals to keep personal info safe.

## RELIABLE

An unfailing assurance for your belongings to even act as a greater shield to ensure the necessary protection of your important stuff.

## TRAVEL FRIENDLY

To make travel safer, easier and more fun, our RFID to have built-in comfortable and high quality material to ensure protection from environment as well.

RFID chips work by using radio waves to communicate. The object, such as a credit card, contains an RFID tag with information, and an RFID reader uses radio waves to read the information off that tag.

Fortunately, radio waves are relatively easy to interrupt and block, and that's how an RFID-blocking wallet works.
